About Shoviv Outlook Duplicate Remover

Shoviv Outlook Duplicate Remover Software is very useful to the technical or non-technical person who wants to remove duplicate items from one more Outlook PST files. This software will help you to distinguish items according to.

1. Subject
2. Sender Name
3. Sender Email address
4. Recipient Name
5. Sending/Receiving DateTime
6. Body text
7. Attachment's names

You can select one or more Outlook PST files and then the software will create new Outlook PST file and remove duplicate items from it. the original Outlook PST file will not be affected by our software in any manner.

Searching duplicate items.

Search duplicate item Within the folder :

Choosing this option will allow you search duplicate items within the filter only and any duplicate item in another folder will not be filtered.

Search duplicate item Across the folder :

choosing this option will allow you search duplicate items across entire Outlook mailbox and remove them as well.

Note : You can also remove "Deleted Items" folder from your Outlook PST file if you want to, we have separate option for that only.
